We offer multiple rate plans to suit your business needs and budget. Both time & call plans are available.

Company History

I started this business in 1987 with eight customers. I worked 16 hours a day. It was, and is, my intention to change the face of the answering service industry in giving my customers personal hands on service that cares about what happens to their business.

Today we have multiple offices and many operators. I am still totally dedicated to customer service. Yes, I am all about the customer. You will find me in the office every day. I can be found answering your phone on the midnight shift or giving out a message to your on call at 8pm in the evening. I want to know both what is going on in my business and what is happening to your business.

Your experience with People's Choice Answering Service will always be met with personal customer service, not bureaucracy and red tape. I hope we can do business together.

Testimonials

... People's Choice certainly maintained our in the most professional manner under the r terrible circumstances. If I can ever do anyt your business, please know you have only to simple "Thank you" is all I can say now...

Judy, Snead's Specialty Sales

For the past 17 years the practices in which worked have used People's Choice Answerin to handle their after-hours calls. ...has alway excellent service. I have found them to be e and conscientious in handling our calls. The; always exhibited concern for our patients ar problems. I am very pleased with the profes manner with which they have represented n practice.

Dr. Harper, Carilion Family Practice

... since 1994, as they have grown throughou years their commitment to customer service improved. We highly recommend them as a quality answering service.

Rhonda, American Air, Inc.

We have been happy to use their service for years. We have found the service to be very courteous and helpful. With difficult situati go out of their way to make sure the situati resolved correctly. Because of their reliabili professionalism, good service and consisten wholly endorse their services as excellent if looking for a quality answering service.

Dr. Schubert, Carilion of Dayton

...People's Choice Answering Service as prov superior service and has been favorably corr about by many of our callers. Making the ch People's Choice was an important move for (People's Choice operators)...have consisten presented a positive, personalized image th important to us and our continued success.
